Second, it provides an indication of whether districts have met AMO targets for achievement, graduation, and participation by student group.

The District AMO Details report contains the following:

- English language arts and math achievement by student group
 - o elementary (grades 3-5) on p. 2
 - o middle (grades 6-8) on p. 3
 - o high (grade 11) on p. 4
- English language arts and math growth by student group

The Graduation indicator displays the graduation rates of all students and historically underserved student group. The rating for the Graduation indicator is the higher of the ratings between the four-year rate and the five-year rate. A student group must have at least 40 students (combined) in the two most recent cohorts in order to receive a rating.

All students in tested grades and enrolled on the first school day in May must take a statewide assessment. The tables below display the percentage of students who took a statewide assessment by school year, subject, and student group in grades 3 to 5. The tables also indicate whether each student group met the federal participation rate target of 94.5%.

The Academic Achievement and Academic Growth indicators depend upon student test scores. These indicators are valid only when schools uniformly test all students.

Note that non-participants include the following: students whose parents/guardians opted them out from taking the statewide English language arts or mathematics assessments, students who were absent for an extended period of time, students whose parents/guardians requested they not participate for religious or disability related reasons, or students who did not participate due to unknown circumstances.
